THE FOOL'S PENCE.

Just in the outskirts of the town,
A little cottage bare and brown,
Yet clean, with woman's loving care,
Showing her influence was there,
Three childish faces, wearing yet
The impress Heaven upon them set.
The father, young, and strong, and skilled,
Yet down his throat he daily spilled
Of all he earned the larger share,
And left his home to want and care.

One summer's day, at set of sun,
Just as the week of toil was done,
The mother sat beside the door,
Plying her needle o'er and o'er,
Darning, patching, and mending still,
As only patient mother's will:
The little garments sadly worn,
Long since of all their freshness shorn,
Across the street a step draws near,
Quick in her breast springs hope and fear,
One hurried glance, and fear has fled,
"He comes, a sober man," she said.
Her voice floats out, with gladsome ring,
To welcome him her heart crowns king.
Within her hand, with gentle touch
He laid the wage that meant so much;
So much, oh God, to thee alone,
How much it meant is only known.
"Good wife," he said, "this day I learned
A lesson, that is stamped and burned
Upon my soul, in lines of light,
I'll be a new man from tonight."
Then lip met lip in compact true,
And Heaven's own bliss that cottage knew.

Three years God's sun had risen and set,
Three years His dew the grass had wet,
And on the outskirts of the town
That cottage stood, not bare and brown,
Not bare and brown, but clean and white,
Its windows all ashine with light;
Snow-curtained, with a dainty grace—
A free man's fit abiding place.
A sudden shower of summer rain,
Across the street of ladies twain,
In silk attire, with bonnets gay,
For shelter ran across the way.
With kindly welcome they were met,
Mother and daughter they two met,
Around with smiles the mother beamed,
Then cried, "Why man, can this be you?
Shake hands, and say how do you do!
'Tis long since I have seen your face,
You never come now to our place.
You're looking fine, how is it tell?
The world has surely used you well."
"Ah! yes," he said, "you're right I think,
'Tis three years now since my last drink,
When standing at your bar I heard
Something that all my senses stirred.
Behind a curtain's sheltering fold
You, talking with some friend of old,
Who, marveling at your house so fine,
Your rich attire, your jewels' shine,
Said in the conversation's flow,
"How is it you have prospered so?"
Madam, your lips these words let fall,
'Tis the 'fool's pence' does it all."
It hit me hard (she speaks the truth,
And I one of the fools forsooth).
Then like a panoramic view,
The past before my vision flew.
I saw it all, the sin, the shame,
The folly that had wrecked my name;
My thriftless home, my care-worn wife,
My children, just beginning life,
Half clad, half fed, a drunken sire,
And all my soul seemed as on fire,
I made a solemn compact then,
And stood erect, a man of men.
What my home is your eyes can see;
My wife, my children, glad and free,
Madam, your chance words I recall,
'Tis the 'fool's pence' does it all."

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by all druggists.

The citizens of Hazel Green have been urging the appointment of a City Marshal, as said office has been vacant for some time. Now to meet the emergency we have inducted into the office Mr. Albert Dye, therefore offenders can take due notice. Another murmuring is in regard to the deplorable condition of our sidewalks and streets. The Council has determined that the law shall be enforced, and that the streets and sidewalks be made respectable according to law. Our citizens are hence notified that orders for repairs and construction of sidewalks must be complied with, and if not heeded the Council will enforce the same and charge the adjoining lands with all costs according to the law in such cases.

**Our Candidate for President,
WM. RANDOLPH HEARST,
OF NEW YORK.**

HEARST AHEAD.

**The First Delegates Instructed to
Vote**

For the New York Congressman, and Resolutions Endorsing Him Passed.

NEW YORK, March 6.

Dispatches received here tell of the action of the first Congressional District Convention that has been held in the United States for 1904 in sending two instructed delegates to the St. Louis Convention. The delegates were instructed to vote for the Hon. William Randolph Hearst, now a Congressman from New York, for Presidential nominee on the Democratic National ticket this fall.

The convention was that of the Nineteenth Congressional District of Ohio, and was held at Warren on February 27th. The utmost enthusiasm characterized the deliberations of the body whenever the name of Mr. Hearst was mentioned, and it was plain from the beginning that the two delegates would be instructed for the Congressman from the pivotal State of New York, but who is a man of all the people and as well known in the West and South as in the East.

Strong resolutions were adopted by the convention, renewing pledges of allegiance to the party founded by Thomas Jefferson, and concluded as follows:

"We favor the nomination of William Randolph Hearst as the Democratic candidate for the Presidency. He has always been true. He meets the full measure of the first and last test of Democracy.

"We resolve to voice the sentiment of this district by voting for the nomination of Hearst for President. And, finally, we admonish the delegates to remember that they derive all their power and influence from this constituency, and, regardless of any possible contingency, we expect them to reflect our sentiments, forgetful of all else and all others."

The delegates elected and instructed to vote for Mr. Hearst are M. M. Padgett, of Warren, Trumbull county, and C. A. Corbin, of Astabula, Astabula county.

The action of the convention is regarded here as especially significant of Mr. Hearst's strength in the Middle West, where electoral votes must come from if the Democrats expect to win. An opposition paper in Chicago has conceded, after a poll, that Mr. Hearst is the choice of a majority of the State Committee, and will doubtless secure the delegation from that State. It is expected that other Congressional districts in Ohio will follow the example of the Nineteenth. That will insure Mr. Hearst the support of Ohio and Illinois in the National Convention. It is now conceded by men in the Democratic party who have their finger upon the public's pulse that Mr. Hearst is far in the lead of any one mentioned as a possible candidate for President upon the Democratic ticket this year.

All Washington and New York are laughing at the attempt on the part of President Roosevelt, after the conviction of A. W. Machen, former head of the Rural Free Delivery service in the Post-office Department; Dillard B. Groff and George E. Lorenz, all of whom were fined \$10,000 and sentenced to two years' imprisonment for complicity in the post-office frauds, to give the credit for the discovery and exposure of the rottenness of the Postoffice Department to Postmaster General Payne, one of his own appointments.

The people's memory is not so short but that they recall Postmaster General Payne's characterization of the talk about scandals in the post office as "hot air," and that it was public opinion and the persistence of Democratic newspapers which finally forced him to act at all in these cases. It was whitewash that the Postmaster General wanted.

Machen alone of all the defendants seems to keep his nerve. He says he is still "hopeful."

The Democratic convention of Morgan county, Tennessee, one of the first county conventions in the State, was held February 27th with a full attendance. Resolutions endorsing Hon. William Randolph Hearst for the Presidency were enthusiastically adopted and delegates to the State Convention were instructed to support for delegates at large men known to be favorable to the candidacy of Mr. Hearst. The action of the county convention is significant and conservative, and careful thinking Democrats now declare freely that they believe that the delegation to the National Convention from Tennessee will be pledged to Mr. Hearst.

Senator Thomas C. Platt, of New York, has again been killed politically by the Republicans. The soft-footed old man, who has held the whip handle in New York for two decades, and crushed those who dared to declare their independence of the corrupt Republican machine, was recently barred out of the Republican committee meeting by Governor Odell, and left sitting dazed in the "Amen Corner" at the Fifth Avenue Hotel. Odell, it is said, adopted this means of snubbing Platt in order that

there might no longer be any doubt of who was in control of the Republican machine in New York.

Political coroners and undertakers declare that this is a real case of political demise. In view of the number of times Platt has been killed off and come to life in the past, it is very probable that when the Republicans of New York State hold their next feast to divide the spoils, Platt will be sitting at the banquet table astride the coffin that Odell has fashioned for him and the latter will as usual be passing to the "Easy Boss" the choicest morsels on the board.

Tired Mothers.

It's hard work to take care of children and to cook, sweep, wash, sew and mend besides. Tired mothers should take Hood's Sarsaparilla—it refreshes the blood, improves the appetite, assures restful sleep.

Handsome Compliment for Congressman Hopkins.

We clip the following extract from a Washington special to the Mt. Sterling Sentinel-Democrat: "Your correspondent had the pleasure of meeting Hon. Frank Hopkins, the Congressman from the Tenth, a few days ago, and was much impressed with him. He strikes me as being an energetic, hustling member, who is looking out for his constituents and the interests of his district all the time."

"He is a member of the Committee on Invalid Pensions, a committee that handles more bills than any other two committees in Congress. As a great many of his constituents are veterans of the Civil War, his position on this committee enables him to be of great service to them. He said to your correspondent that he did not intend to make any speeches this session, but would devote his time to the practical and business side of a Congressman's life, a resolve which shows his good judgment and wisdom, for it is not the spread-eagle orator who gets results, but the hard-working committee man who delivers the real goods."

"Your correspondent asked Mr. Hopkins if there would be any chance of getting some choice bass this spring to stock Montgomery county streams. He informed me that the fish would be forthcoming, and in quantities sufficient to satisfy all concerned."

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength giving qualities. Sold by all druggists.

There is another of those important papers on "Psycho-Physical Culture," telling a woman how she may preserve her beauty, and "A Word for the Easter Bride" is full of good, sound counsel to the novice in house-keeping. The second of the series of "Brief Business Talks for Women" is given, and its advice will prove valuable and wholesome to all women who will heed it.

CAMPTON COURIER.

BENJ. SEWELL, Editor. Vol. 1, No. 38.

A. H. Stamper went to Lee City last week on legal business.

Dr. J. H. Stamper has a very sore hand, as a result of a mash.

John C. Tolson on last Monday bought a very handsome saddle mare of Joseph Spencer.

Born, recently, to Lizzie Chapell, a big, active, brainy Democratic boy. H. H. Stamper officiated.

Hon. J. E. Van Sant, formerly a citizen of this place, is here this week, registered at the Combs House, where he fares sumptuously.

A. E. Byrd, of Winchester, returned home last Sunday on horseback, having purchased a horse from Rev. N. G. Robinson while here. We opine he can now be classed with the "Rough Riders."

J. W. Congleton, Dewitt Taylor and Rolla Bailey are going to do some extensive farming, and it is thought corn can be had at rock-bottom prices next season. As yet A. D. Lykins and L. R. Hollon refuse to go into the combine.

The Stag Dancing Hall on last Saturday night was the rip-roaring storm-center of some scientific dancing and waltzing. Many a soul swelled with joy unspeakable as they hopped the light, prancing, fantastic toe on the pavilion. Some are new-born babes and act goosy and awkward on the stage, while others are more modern and scientific. Some sweet music was rendered on the violin by David Athy. Altogether the Ugo-I-Go (but I-Can't-Got-to-Go) Dancing Club had an enjoyable evening.

THE HERALD is growing famous day by day, and is fast forging to the front as a sheet of more than passing notice. Wherever it is read it excites comment and occasionally creates a stir and sensation in high political and social circles by reason of its pithy, well-peppered articles. The editor of the Campton Courier wears a crown of unfading glory for his part played on the journalistic theater of pleasing attraction. Take THE HERALD; only 50c. per year. Cheaper than dirt on the free list. Several have promised to subscribe. Now is the time. There will be no "let-up" or "backdown" on our part to make the Campton department readable and interesting. There is no padlock on our tongue, and it is grained for lightning strokes and easy-going, heart-soothing touches both alike.

There seems to be a redeeming trait about the "baddest of the bad." At last the Campton town trustees have awoken from a long-regretted lethargy. They have opened their eyes to a sense of their duties and responsibilities. On Monday night they met and all seemed to be ablaze with a new-kindled fire of business, progressiveness and go-aheadness. An air of dignity was strikingly noticeable on the features of all. They whetted, resolute, and while thus doing the irresistible storm of business progress swept before their new opened eyes, and they ordered a lot of property owners to build sidewalks. And to fix matters right appointed W. B. Duff City Judge, and A. D. Lykins as City Attorney. God bless you, boys. Let's join hands and be together in the battle-march of progress.

STATE NEWS.

Henderson Cornwell, who recently accidentally shot himself through the foot with a pistol, died at his home at Rothwell last week of blood poisoning.

Jasper King, who qualified as a juror in the Jett-White case at Cynthiana, after it was alleged he had formed and expressed an opinion, and who was afterward indicted for perjury, was acquitted of the charge last week.

There will be a hanging in Louisville April 22 unless something happens to prevent it. This date was fixed for the execution of Jas. Thomas, who stamped Minnie Renz to death, his motion for a new trial being overruled.

A. C. Marklein and George McCarty were attacked by a mountain lion in Magoffin county recently. The former was so badly mangled by the beast that he will probably die. McCarty is also wounded, but not so seriously as his companion. They succeeded in killing the lion.

Is the Laborer Worthy His Hire.

To THE DEMOCRATS of this Senatorial District, greeting: I am a candidate for the office of Senator from this district, subject to the action of the Democratic party, and ask all Democrats to weigh well my claims. For nearly 20 years I have been a citizen and a voter at Hazel Green, and by reason of my position I believe I can safely say I have done as much, if not more, for the success of the party than any man. In the time I have never scratched a ticket, and all in all I feel that I am not asking above my dues. Then, having become a mountain man, I have on all occasions taken pride in silencing slanders about mountain people, and in this I know I deserve the gratitude of a much-maligned people. Hoping you appreciate my past services sufficient to merit your continued confidence, and praying your support, I remain, Truly yours,

SPENCER COOPER, Identified with every interest to aid the mountain people.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste and impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unstable heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucken's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25 cents. Sold by all druggists.

Mrs. Rittenhouse returned from Paintsville Tuesday. Uncle Jack went on to Ohio, but will probably return home this week.

Johnny Kash lost a valuable mule colt last week by its breaking a leg, and he had to kill it. It is a clear loss of \$50 to Johnny.

Green Taulbee this week moved to Neola.

Misses Bertha Jones and Lula Allen, two young lady students of H. G. A., have moved to Josie Swango's on account of Mrs. John Davis being on the sick list.

Mrs. Sally Neale left yesterday for Lexington, where she will remain with her son, Roy, until school closes at Kentucky University, of which he is a student.

Miss Pearl Johnson, daughter of Frank Johnson, of Lacy creek, who has been sojourning in Illinois for the past two years, returned to her home last Monday.

Bob Day writes from Phoenix, Arizona, that his health is improving, but owing to the extreme heat he may have to leave there. The thermometer indicates 91 in the shade.

Misses Eva Williams, of Montgomery county, and Lilly Rose, paid The Herald a pleasant visit Saturday, and the latter paid a subscription for her sister, Mrs. Charley Stamper, of Maytown.

The few surviving old soldiers of Col. S. M. Barnes' 8th Kentucky Infantry will regret to hear of the death recently, in Kansas, of Col. Barnes' estimable wife, Elizabeth Barnes, nee Mize. She was 82 years of age, and a noble Christian woman.

Boone Lacy, of West Liberty, a young widower, was the guest of Mrs. John Davis last Sunday. He took a trip to the next door neighbor, where there seemed to be a great attraction for him. It was hinted that it was a matrimonial attraction.

Revs. Strib Rancy and Bob Madden are holding a house to house meeting on Lacy creek and Stillwater. Or maybe a better expression than house to house is that it is of a nomadic nature. Like roaming Gypsies, they move from one place to another as fast as the interest wanes.

About ten days or two weeks ago, Taylor Whaley mashed the end of the middle finger of his left hand. Just a shred of skin prevented a complete severance of the first joint, and he stuck it together. He told "our man about town" Tuesday that it was growing together nicely.

Loss of Flesh

When you can't eat breakfast, take Scott's Emulsion. When you can't eat bread and butter, take Scott's Emulsion. When you have been living on a milk diet and want something a little more nourishing, take Scott's Emulsion.

To get fat you must eat fat. Scott's Emulsion is a great fattener, a great strength giver.

Those who have lost flesh want to increase all body tissues, not only fat. Scott's Emulsion increases them all, bone, flesh, blood and nerve.

For invalids, for convalescents, for consumptives, for weak children, for all who need flesh, Scott's Emulsion is a rich and comfortable food, and a natural tonic.

Squire John D. Rose and wife passed through here yesterday afternoon en route to Lower Long Branch, to visit John Tom Murphy, Mrs. Rose's brother, who will on Monday next leave for Illinois.

Clayton Center and Green Taulbee have the thanks of the editor and his better seven-eighths for a fine mess of mountain oysters, which The Herald household partook of with much pleasure.

Mrs. Rilda Day is now selling everything at a discount of 25 per cent. to make room for her spring stock, and people who need anything in her line will do well to buy now. She needs money, and a reasonable offer will be apt to buy the goods.

The Breathitt County Circuit Court convened last Monday with Judge Riddell presiding, and Hon. James K. Roberts representing the Commonwealth. This session opens with a new judge on the bench and Commonwealth's Attorney, and unusual interest will be manifested. The docket shows 400 penal, 75 felony, and 250 civil cases.

William Joseph, the 18-year-old son of a prosperous farmer living 15 miles north of Jackson, committed suicide at the home of a neighbor last week. The young man had stopped to call on a young lady. While engaged in a conversation with her, without apparent cause, he deliberately drew his revolver and discharged a ball into his brain, producing instant death.

Hite Roberts writes us from Amabala, L. T., to send him The Herald and Courier-Journal, and we this week do so with pleasure. But the fact that Hite had gone West was news to us when we received his letter. He don't say what he is doing or how he is getting along. But it is presumed he is well pleased, else he would not want the papers for a year.

The sale of John M. Rose's lots on last Saturday resulted as follows: George Rice bought lot No. 1 for \$60; W. B. Johnson No. 2 for \$97.25; Squire John D. Rose No. 3 for \$97.50; John Brown No. 4 for \$100; C. B. Rose No. 5 for \$205; Boone Lacy No. 6 for \$200. George Rice resold his to John Brown for \$80. George Rice then bought No. 7 for \$25. This lot is a strip running either side of the branch back of Judge Wheeler's shop.

Ed. Taulbee, who is now keeping books for the N. B. Day Lumber Co., at Lee City, paid us a very pleasant visit on the 13th ultimo, and subscribed to The Herald and Courier-Journal. Incidentally he told us he had a fine, large boy at his home, and this is the reason this notice did not appear sooner. We could not think of the young man's name. Seems like it was Wilbur. But anyhow it looks a bit odd to be calling Ed. "papa."

Vos Norman was in town Tuesday and told "our man about town" that there is an epidemic of measles at Daysboro. There are three cases at Jim Henry Sebastian's; five cases at Anty Ferguson's, colored; one case at Oscar Fellen's. Besides there are several scattering cases in the community—two cases at Joe Roberts' and two at Campbell Razor's. The little daughter of Harry Nickell and wife, Emma, has the measles, and Mr. Nickell and three of his children are expected to break out by Sunday or Monday.

Every man should provide while alive for his family after he is dead and gone, and no company is better or safer than the State Mutual Life Assurance Association of Worcester, Mass. C. B. Rose, of Mt. Sterling will tell you all about it and be glad to write you a policy any time. For only 10 cents a day you can leave your wife and little ones \$1,000 at your death. You waste more than that amount every day of your life. Maybe not exactly 10 cents each day, but the average will be that much. Use it to benefit your loved ones, and if you have Curt Rose write your policy you will know you have a safe investment. Don't delay, for in that is the danger. Today is, tomorrow may never be. It is a grewsome thought, but it is true all the same, and if you love your wife you will do her right by getting a policy today. Don't delay.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other Institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission apply to **JAMES K. PATTERSON, Ph. D., Li. D.** Or to **D. C. FRAZEE, Business Agent, Lexington, Ky.** Fall Term Begins September 7th, 1903.

MRS. CECILIA STOWE,
Orator, Entre Nous Club.

176 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a desolate place at best. A friendly druggist advised me to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecelia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

WINE OF CARDUI

WASHINGTON NOTES.

WASHINGTON, March 7.

There is much comment here in Democratic circles about the recent editorial in the Cincinnati Enquirer, the paper owned and controlled by John R. McLean, endorsing Hon. William Randolph Hearst and his candidacy for the Democratic nomination for the presidency. Up to the present time that was one of the papers that studiously avoided the mention of the name of Mr. Hearst in any connection, and it is the worst thing any paper could do any man to neglect to say anything about him at all. They all were trying their hand at ignoring Mr. Hearst, but the sentiment all over the country that has manifested itself for him and in his interest, has changed the aspect of things here among the leaders of the party and among the leading papers of the country. They are compelled to recognize the fact that the great common people of the country are for Mr. Hearst and there is no thermometer watched closer by the politicians than the sentiment of the people. Some men here are called leaders. In reality there are no leaders here. They are all followers and subserviently so. When a bell wether starts out and calls to the flock they simply get busy. The minds of the majority of the members of Congress in both House and Senate were in a chaotic condition concerning the Democratic nomination for the presidency until the people got busy all over the country. They were watching for the signs. Now that they see them they are getting busy. The editorial mentioned above is one of the signs of the times, and all of them have seen it and read it aright.

Among many other complimentary things which the Cincinnati Enquirer says of Mr. Hearst in this editorial, are the following: "Mr. Hearst is unquestionably a man of mark, and many sober-minded men write him in their book of estimation as a man of destiny. No one of his years has had a more remarkable career in this period of grand development. In his private affairs he is so far above petty personal assaults that there need be no dwelling on that point. He is of the stuff that honest people make heroes of. Starting in his business life with a handsome inheritance, he has not been a drone or a draw-back in society. With every temptation to a life of ease and usefulness he has not been a sluggard, but has multiplied his holding in enterprises requiring ability and courage of a high order to insure their success. And every dollar that William R. Hearst has added to his fortune has helped other people in a thousand ways. * * * Nobody has ever been ground down for his material promotion.

He has lifted men up with himself, and has put no one below. No man's right to be a candidate for President of the United States is better than that of William R. Hearst. It would be silly to talk of his lack of fitness in the face of the following he has. Men do not reach the position he now occupies without having proved qualities and equipment of a high order. Success in life like his is not an accident, especially since probity, next to inborn ability, has been a chief instrument in his progress."

The Hon. John Sharp Williams, floor leader of the Democracy in the House of Representatives, has introduced a bill for the relief of the sufferers by fire at Baltimore by rebate on duties on building material and suspension of certain internal revenue taxes. By so doing he has again put the Republicans in a hole, soaped the sides and pulled up the ladder. If they refuse to pass the measure they will go up against a precedent established when the Chicago fire occurred in 1871 and thereby rob many honest men who have been unfortunate. If they do pass it they will admit the Democratic contention that the tariff is a tax and that the tax is paid by the consumers of the country and not by the foreigners, as maintained by them. They are up against it. This bill cuts both ways. Like the nigger's con trap. It catches them coming and a going. Let the galled jade wince.

CHARLES A. EDWARDS.

The Name Witch Hazel.

The name Witch Hazel is much abused. E. C. DeWitt & Co., Chicago, are the inventors of the original and only Witch Hazel Salve. A certain cure for Cuts, Burns, Bruises, Eczema, Itch, Piles, etc. There are many counterfeits of this salve, some of which are dangerous, while they are all worthless. In buying Witch Hazel Salve see that the name E. C. DeWitt & Co., Chicago, is on the box and a cure is certain. For sale by all druggists.

BIG DEAL

For the Development of the Eastern Kentucky Coal Fields is Closed.

LEXINGTON, KY., March 3.—Through the arrival of a party of Western Kentucky capitalists in this city it was made known that another coal land deal had been consummated involving a combination capital to the extent of \$2,000,000 for the further development of the Eastern Kentucky coal fields. The party is composed of W. B. Smith, President of the Globe Banking and Trust Company, of Paducah; C. A. Smith, also of Paducah; F. A. McClellan, of Illinois, and W. D. Archibald, Cashier of the West Liberty National Bank, in Morgan county. The party went to Morgan county, where they have acquired by purchase and lease over 2,000 acres of land, said to contain an excellent quality of cannel coal.

The company is already organized and ready for operation, but it is necessary first to construct a railroad from their mines to connect with the Lexington and Eastern, and their mission in Morgan county now is to institute condemnation proceedings for the right of way to permit of building the railroad.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He is now sound and well. Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

Jordan Wills tells us of a very remarkable freak of nature that happened on his farm on Lacy creek last week. One of his ewes dropped twin lambs, one of which had only one eye, and that right in the center of the head, just a little above the regular eye line. He says the eye was as perfect in formation as any eye he ever saw, but unfortunately the lamb died. Otherwise he would have had a valuable curio for a museum.

Anybody in need of wall paper will do well to call and examine my sample books, as I will sell as cheap, or cheaper, than anybody, and hang it also if necessary. Respectfully,

GEORGE RICE.

NATURE'S WAY

NATURE purifies the atmosphere and renders our surroundings habitable by sending the lightning and the rain. We, too, should purify our bodies, if health is to be restored or maintained. When the bowels do not move regularly, your liver is out of order, and you cannot be well. The food lies undigested on the stomach, generating foul gases that poison the blood, and frequently induces chronic ailments and long years of suffering. If troubled with constipation, take PLANTERS NUBIAN TEA—the certain cure for all bowel troubles, biliousness, vertigo, bad breath, coated tongue, sour taste in mouth, insomnia, mental torpor, indigestion, headache, belching up of foul gases, distention of the abdomen, and all other distressing symptoms of Dyspepsia. A pure and healthful vegetable compound—the only remedy that positively cures Constipation and restores every organ of the body to vigorous and healthy action. All druggists sell it or we send it prepaid, by mail; 25c. a package, 5 packages, \$1.00. Sample and booklet free to any address.
